Its a great buy and guaranteed to make you laugh with the sometimes silly, and sometimes sarcastic humor. It is also child appropriate and is a classic if you want it for yourself or for your coffee table to entertain guests.0 of 0 people found the following review helpful. Always a fun readBy John C.All good! Thanks,0 of 0 people found the following review helpful. It's Garfield.By backncyMy family loves Garfield. They are always excited when I bring out a new comic book for them to read. My 8 year old acquires a lot of vocabulary by asking questions about Garfields adventures.

GARFIELD IS BACK WITH THREE VOLUMES OF FUNNY ADVENTURES IN ONE!That's right--the flabby tabby with the rude attitude is at it again! This time GARFIELD gives us three times the fun as he eats more, naps more, and wisecracks more than ever before. How does America's foremost feline do it? One thing is certain, GARFIELD is the master at generating bunches of belly laughs, and he knows that three laughs are better than one!
