grade and loves these books. We picked one up at a yard sale and decided they were pretty great so the search was on. These are full of fun adventure and keep him occupied for quite awhile considering his attention span. "Smart, confident, and totally PUNK!" -- "National Enquirer" From the Publisher Franny K. Stein is not your average girl - she's a mad scientist. She prefers poison ivy to daisies, and when Franny jumps rope, she uses her pet snake. The kids in Franny's class think she's weird, wacky, and just plain creepy. Let your readers decide for themselves when they read these fabulously funny stories. Spotlight is a division of ABDO Publishing Group. Grades 2-5.
