Sine? : The French cat before purchasing it in order to gage whether or not it would be worth my time, and all praised The French cat:

Visual PunsBy Kevin BarrackI haven't seen this book since I was a kid, but I remember that it is basically a collection of visual puns using cartoon cats, one per page. For instance, one page was titled "Caterpillar" (or some variation) and showed something that looked like a caterpillar with a cat's head. If I remember correctly, it was in French and English, but it was all so obvious that knowing French wasn't necessary. Probably not a book worth buying for the content.
