**Geoffrey Simmons, Ray Broderick : The Glue Factory** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Glue Factory:

1 of 4 people found the following review helpful. Don't Waste Your TimeBy J. GOLDINInfantile, ridiculous, poorly written book that probably was written on a dare to see if it could get published. I reviewed this before and Dr. Simmons somehow magically got it removed. Let's try again. It's an insulting waste of time.

Medical spoof with a very humanlike robotic physician who gets himself into and out of many humorous jams.
