Jennifer McKnight-Trontz : The Good Citizen's Handbook : A Guide to Proper Behavior before purchasing it in order to gage whether or not it would be worth my time, and all praised The Good Citizen's Handbook : A Guide to Proper Behavior:

0 of 0 people found the following review helpful. A good book that is good for us.By PilgrimI love this little book. The message is vital. The medium works well, I think -- uncluttered, direct and to the point. The illustrations are so

delightfully refreshing and perfectly complement the text. I agree with the author. Good citizenship is simply good conduct. Do the right thing. And, I was on the same page before I discovered this book and read it, but I learned quite a bit from it. Certainly, it heightened my awareness about my responsibilities and rights as an American citizen. I love our beautiful American flag and everything it stands for. And I so love our brilliant US Constitution. I particularly appreciate the chapter on the importance of family. "Remember: the home is the foundation of society; poor citizenship can usually be traced back to poor conduct or poor conditions at home." Page 34. And -- "The home and the family must be regarded as sacred if the safety of the state and the nation is to be secure." Page 35. I believe that every child and family in the nation would do well to own and study and talk about this gem of a book. And take it seriously. The Good Citizen's Handbook is indeed "A Guide to Proper Behavior." What's ever outdated about goodness, truth, beauty and virtue? 0 of 0 people found the following review helpful. Excellent little book By Jade Excellent little book! I wish so many of these values have not disappeared and I'm a young person who grew up after the era covered but the books. Wish these ideals could come back. 7 of 8 people found the following review helpful. A Good Citizen is Fit! By SEW This is great kitsch. Some will long for a world like this but of course it never was like this. But if you want to know why ALCOHOLISM means death to the nation, and why plain laziness is the trouble with many, this book is for you.

Good citizenship starts with you! This crucial collection of real guidance from government, civics, and scouting handbooks of the 1920s-1960s shows you how--through proper dental hygiene, a pleasant demeanor, and obedience of even minor laws--you can ensure the health and happiness of nation, neighbor, and kin. Jennifer McKnight-Trontz, author of the popular Yes You Can: Advice from Self-Help Experts, leads the way with hundreds of illustrations, charts, and tips compiled in this pocket-sized handbook for a better world, a better community, a better you. Learn the importance of good posture, the benefits of taxation, and simple ways to avoid infection! Understand, too, just how dangerous slouching is to national character. There's simply too much at stake not to read this book.

"One can adopt a less-nihilistic approach to life and make The Good Citizen's Handbook your instruction manual." -- Detour "Tips and advice from a vanished era are both dated and timeless." -- American Heritage, May 2001 About the Author Jennifer McKnight-Trontz is a writer and designer living in south Florida whose books include Hang in There!, How to Be Popular, Yes You Can, and The Good Citizen's Handbook.
