**Homemaker Monthly Ladies : The Good Husband Guide: A Little Seedling Book (A Little Seedling Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Good Husband Guide: A Little Seedling Book (A Little Seedling Edition):

1 of 1 people found the following review helpful. It's Cute But So Small . . . teeny smallBy Frank M.I received this and was surprised to see how small the book is.It actually measures 3" x 3-1/2"Very small printI'm giving 3 stars because when I went back to the listing after having received it, the product details read:Product Dimensions: 0.5 x 3.2 x 3.7 inches.So it was very clear that it's tiny, I didn't read it. After all how often do I check for dimensions on a book?Kept it anyway and will give it away.0 of 0 people found the following review helpful. Highly recommendBy

Nicole McGinnis So funny! I bought this for a wedding shower gifts and the groom to be thought it was hilarious. Great little book. 2 of 2 people found the following review helpful. smaller than expected By Sue The book is very funny and a great shower or newlywed gift except please note that it is not regular book size but is tiny, approximately 3" square. It was my own fault not noticing the size as it is included in the description.
