Duncan Whitehead : The Gordonston Ladies Dog Walking Club Unleashed (Volume 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Gordonston Ladies Dog Walking Club Unleashed (Volume 2):

Murder again in Gordonston...By ConvokeI pre-ordered "Unleashed - The Gordonston Ladies Dog Walking Club Part 2 by Duncan Whitehead because I so enjoyed Part 1. My copy arrived yesterday and I powered through it in one sitting.Savannah Detective Jeff Morgan has two missing

person's cases and a cold-case murder he think's he's solved.... Secrets abound and a killer stalks. Murder and revenge are on the agenda. Corpses fall along the way to solving this deadly puzzle. Who will die and who will live to solve the crime in this suspenseful tale? Part 1 was an award winner, and Part 2 will surely follow in its footsteps. Great and literate fun for mystery fans. As before, the plot thickens, and the residents of Gordonston, all with deep hidden agendas, resume their plotting and desire for revenge and retribution; twists and turns lead the reader once again to a conclusion, and another sucker punch ending that will leave them breathless.

First off, who spoils the ending of the first book in a series in the description of the second book of the series? The ending of book 1 would have been a much bigger surprise if I hadn't gone online to order the second book so I could read it immediately after finishing the first one. Ugh. I normally hesitate to leave a bad review because I work with writers and I know how hard they work and how much of their heart is put into a book, but this book is an example of one of the major pitfalls of self-publishing. The first rule of self-publishing should be: Every writer needs an editor. Even if you're going to go it alone, you need an objective editor's eye to proofread, to tell you where your story is going off the rails, and how to strengthen it. The first book was fun. There is a kernel of a good story here in the second book, but there were so many typos, changes of tense, and repetitive phrases that it took me out of the story on almost every page. I can forgive a typo here or there, but this was literally every other page or more often. The phrase "of course" is repeated so many times. There were run-on sentences for days. On the story side there were some things that didn't make sense either. The most egregious one was when the police chief is able to identify the remains of a body from just looking at a bone and a piece of cloth when he didn't have any prior interaction with the victim and wasn't the one who investigated the case. Literally, any other character in the novel would have had a more plausible explanation for being able to identify the remains this way. And, honestly, why not just insert a scene at the coroner's office with a DNA sample or something? These are all things a quality editor could have helped fix very easily and this book would have been much more enjoyable. I implore the author to find a good editor and make them your new best friend. You have talent and the twists and turns are surprising, but it could be made so much better with a little help. It is worth the investment.

After reading the first book, it was hard to wait for the sequel, but after pre-ordering this book I knew I was in for a treat and soon. As expected, 'Unleashed' turned out to be full of action and humor, delightfully complex plot and wild twists and turns on every corner. All unexpected was happening, and everything that was expected turned out to be something completely different. Some delightfully familiar characters showed more depth, while others remained as they were, witty and fun, canning, plotting, wonderfully familiar. Coated with a generous amount of humor, this read was everything I expected it to be and more. Highly recommended!

About the Author

The life of Duncan Whitehead, winner of the 2013 and 2014 Reader's Favorite International Book Award for Humor and Gold Medalist, is as quirky as his works. Born in 1967, he served in the Royal Navy in embassies across South America and was an amateur boxer. He worked as a purser on some of the world's largest super yachts and visited many exotic places. He's also an instructor of English as a foreign language, fluent in Spanish, and a children's soccer coach. Duncan retired to Savannah, Georgia, to pursue his passion—writing. Mindful that we all harbor secrets and inspired by the locale's odd characters, he wrote *The Gordonston Ladies Walking Club*, a dark comedic mystery. In 2011, Duncan spent six months in Brazil before settling in Fort Lauderdale, Florida. His interests include cooking, the Israeli self-defense art of Krav Maga, and Dim-Mak, a pressure-point martial art. He has written over two thousand comedy news articles for US and UK websites, and *The Reluctant Jesus*, an award winning comedic novel set in Manhattan. His latest novel, *Unleashed*, the highly anticipated sequel to *The Gordonston Ladies Walking Club* is his fourth book.
