**Gabe Fischbarg : The Guide to Picking Up Girls** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Guide to Picking Up Girls:

0 of 0 people found the following review helpful. There are some good chapters such as the chapter on "wingmenBy CustomerThis is a decent book. It's the first one I have read. There are some good chapters such as the chapter on "wingmen." There are some really good advice sprinkled throughout the book. But I doubt anyone will start scoring big because of this book. It seems the author is advocating "practice." He believes practice makes perfect and although he's right, I was hoping this book will help me score immediately after having read it. Overall, I think this book won't hurt. If anything, you may pick up some good ideas and theories that will set you on the right path. It's an easy read, too. You can probably finish it in 3-4 sittings.0 of 0 people found the following review helpful. Very informationalBy

jrpttmanI love to read about how to approach a woman with out being a jerk.. I enjoy making new friends.18 of 20 people found the following review helpful. WorthlessBy Van WilderThis book is, overall, worthless. It has some humor in it and some really basic knowledge (dress in clothes that fit you, exercise, eat well, etc.), but when it comes down to the basic approach of meeting women, it's incredibly vague. They call your pitch to a girl a "rap," and they divide the rap into three categories: beginning, middle, and end. The beginning is where you introduce yourself, the middle is where you build rapport and interest, and the end is where you close the deal with her number. These three sections are the most important parts of meeting women, yet they glaze over them in about 5 pages of text. Also this book recommends buying women drinks: this is a no-no, unless she buys you one and you buy her one. Supplicating a woman will not help your game.In short, this book can be summed up in about a page of bulleted points. There are plenty of other books on the subject that are better and more worth your time.Don't buy this book: it's worthless.

You're at a party. You see a sexy, beautiful woman standing by herself in the corner. How do you approach her? What do you say? How do you get her attention—and keep it?Packed with useful information, practical advice, and proven techniques for successfully picking up women any time, anywhere, this essential handbook tells men everything they need to know to score with the opposite sex.The Guide to Picking Up Girls includes tips on how to:Pick the right "wingman"Develop a "master rap" for getting and keeping her interest (sample dialogues included)Deal with guys who try to blow your rapBuild confidence—being nervous is not an optionOvercome the fear of rejection—no girl is too pretty to talk toLearn to analyze a woman's body language and signals...and much more!Whether it's a crowded bar or a noisy party, a club or a wedding, a supermarket or a coffee shop...from breaking the ice with surefire opening lines to finding out whether she has a boyfriend, The Guide to Picking Up Girls gives men the rules to make it with today's women. Lively and engaging, it's the authoritative resource for meeting that major babe.

Fischberg espouses lots of common-sense, even courtly advice. -- Rocky Mountain News, October 12, 2002It could be the book you need if you don't have a little black book. -- New York PostAbout the AuthorGabe Fischbarg is a practicing attorney and independent film and television producer who is currently Producer/Legal Advisor to The People's Court television show. This is his first book.
