Herbert Block : The Herblock book before purchasing it in order to gage whether or not it would be worth my time, and all praised The Herblock book:

0 of 0 people found the following review helpful. The Herblock BookBy K. R. NortonPolitical cartoonist Herblock defined our times in America through the Great Depression, World War II, enormous societal changes and more than half a dozen Presidencies. This book contains some of his political cartoons along with his own commentary. If you want to understand America in the 20th century through some of the most brilliant (and often darkly humorous) political analysis ever, read this book!
