William Hedgepeth : The Hog Book before purchasing it in order to gage whether or not it would be worth my time, and all praised The Hog Book:

0 of 0 people found the following review helpful. GreatBy ciler retnuhGreat book very entertaining and informative !!!0 of 0 people found the following review helpful. Hog Book Dispels Pork WorriesBy kwcantrellHi-For those who may question, the Hog Book I ordered was beyond my expectations. The slip cover was a little bit dog-eared but I only paid \$8 for the book which was originally retailed at over 25 dollars. It's a good book and William Hedgepeth should be commemorated for bringing the entire idea of hogness to a grass roots level where we can all understand it. We, as humans, have created the modern hog culture yet we continually refer to it as a secondary social system denied by us because we don't want to face the fact that maybe, just maybe, hogs and pigs are a lot like us!Well done, , well done!!!)0 of 0 people found the following review helpful. True poetry of lifeBy sidney johnsonI buy every copy I can find and give them away.

The Hog Book is one of the most radical works in the annals of classic animal literature. This is the definitive work that touched off the whole recent revolution in our hog awareness leading to the ever-spreading acceptance of pigs as pets, as working partners, organ donors, movie stars, and so many other fresh manifestations of the barely tapped porcine potential. The Hog Book is also a lot of fun.

From Library Journal This title on "all you ever wanted to know about hogs but were afraid to ask" was dubbed "entertaining" by LJ's reviewer (LJ 2/1/78). It includes fact and folklore about porkers told with both scientific seriousness and humor. Copyright 1998 Reed Business Information, Inc. Wacky yet serious . . . Hedgepeth has emerged as champion of an animal for which few people have a kind word. (Us Magazine) Will delight those who have an acquaintance with [hogs] as well as the vast majority whose only contact with them is in the form of pork chops. (New York Times) One of the zaniest productions since Mad magazine. (Business Week) About the Author William Hedgepeth is a dedicated Animalarian, veteran journalist, editor and author, who lives deep in the forests of Appalachian Georgia with his journalist wife and a loyal battalion of beasts.
