Bratniss Everclean : The Hunger But Mainly Death Games before purchasing it in order to gage whether or not it would be worth my time, and all praised The Hunger But Mainly Death Games:

0 of 0 people found the following review helpful. One of my Guilty PleasuresBy JayParodies are a strange genre of book.They don't have to be politically correct. They don't have to worry about things such as character development and suspense. All they have to have to do is be funny, and The Hunger but Mainly Death Games does a heck of a good job at that.Make no mistake: This is not just a parody of The Hunger Games but of pop culture as a whole. Nobody's

safe from Bratniss Everclean's taunts. The Authors show a superb understanding of pop culture today, and no how to hit the nail on the head when pointing out how silly it all is. The great thing about this book is there is something that will appeal to everyone. The puns that are the characters names are enough to make me laugh, but for those who crave some more random in your lives, you be satisfied with jokes about bread racists, Rain Man, and Stephenie Meyer. 80% of the jokes in this book hit for me. This rest of them seemed long and dragged out. at some points the author tried a little to hard to be funny, and the parody suffered from it. However, the jokes that did hit were enough to make this an enjoyable, light read. And if you do decide to read this book, promise me you will do it with the right mindset. A parody is meant to be funny, not offensive. If this book makes fun of something you like (and it probably will) laugh it off or just forget about it. It's nothing to get mad about. Pick up The Hunger but Mainly Death Games if you feel like laughing. 0 of 0 people found the following review helpful. Idiotic story, terrible prose. By Geartrooper: Jokes are poorly contrived, overly obvious, and just all around crude. Too many poop jokes and obvious jokes aimed towards five year olds. Take a paraphrased example from the book: "I looked at the Bratniss toy (yes, that's seriously her name, they couldn't get any more creative.) and read the package. Comes with poison spine action and lays real eggs! I was furious. How could they misrepresent me like this? Anyways, I needed to move on to the next store, and to find a place to lay my eggs." Ha. Ha. My sides. I only give it two stars because a few parts made me chuckle, but nonetheless was a complete waste of time. 0 of 0 people found the following review helpful. I expected better. By Jacquell Chrissy May: As I read the story, I saw tons of tasteless jokes and a poor reinterpretation of the original Hunger Games. I know that this story is a parody, but come on! Even a kid could do better than this! At least there won't be a sequel to this crap.
