I received mine from friends as a Christmas present back in the late 70's A couple of favorite quotes: \*The last words of General John Sedgwick as he stood on a parapet overlooking the battlefield at Pottsylvania in 1864, he turned to his Adjutant and said, "They couldn't hit an elephant at this dist...." \*Or how about Albert Einstein's grade school teacher who said, "You'll never amount to anything" The book is mostly comprised of vignettes describing the humorous failures of some unfortunate and unlucky people. I like the one about the news reporter who was attending a gathering of Fortunetellers, Soothsayers, Palm readers, Astrologers, etc. and on the last day of the event asked one of the participants if they would be having repeating same event the next year... the participant answered, "I don't know" I hope that all of the stories in this book are true because they are too good not to be and I just don't think that you can make this stuff up. 0 of 0 people found the following review helpful. funny, witty By Angelle R. A very funny book ! Pile has gathered here the cream -- or, rather, the glorious dregs -- of the best stories of abominable failure. Here, for example, is the story of the Most Unsuccessful Tourist, who got off the plane during a refueling stop and spent three days in Los Angeles thinking he was in Rome.
