Brian Cox, Robin Ince, The BBC : The Infinite Monkey Cage: Series 6, 7, 8, and 9 (Original BBC Radio Programs) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Infinite Monkey Cage: Series 6, 7, 8, and 9 (Original BBC Radio Programs):

Brian Cox and Robin Ince present a witty and irreverent look at the world according to science. The Infinite Monkey Cage has become one of BBC Radio 4's most popular science-based programs. In each episode physicist Brian Cox and comedian Robin Ince delve into a particular field of science, with the help of guests from the worlds of academia and entertainment. In these twenty-four episodes, the program looks at topics as diverse as oceans, science mavericks, parallel universes, science v. art, space exploration, brain science, creating life, the science of Christmas, behavior, space tourism, death, and risk. Helping them to discover more are guests including Dave Gorman, Marcus Brigstocke, Ben Miller, Katy Brand, Professor Matthew Cobb, Simon Singh, Dr. Sue Black, Ed Byrne, Mark Gatiss, Steve Jones, Ross Noble, Eric Idle, and Graeme Garden.
