iiiireader[[VIDEOID:61b5a51b37b5466b2c7ad519fd0d17de]]This coloring book contains 15 very detailed and intricate designs. The blurb on the back of the books says that the designs are based on the works of the group known as The Inklings. What I found was that the majority of the designs were of the actual members of the group. There are some designs which are based on works and the Bandersnatch makes his way (in one way or another) into each of the designs of the members. It's kind of fun to search for how Bandersnatch was incorporated. This is what I experienced while coloring in this book and testing it with my coloring medium: 15 Designs inspired by The Inklings and their works Printed on one side of the page Paper is white, medium/heavy weight, slightly rough and non-perforated Staped

binding (book can be taken completely apart by removing two staples. Alcohol-based markers bleed through the paper. Water-based markers, India ink pens and gel pens did not bleed but did leave slight shadows on the back of the page. Colored pencils worked very well with this paper. I tested both oil and wax based pencils with good results. I was able to get good, deep pigment. I could layer easily (both same and different colors.) Blending was also excellent using a pencil style blending stick. 0 of 0 people found the following review helpful. Tribute to the greats! By Elmmr This is a wonderful book for anyone who appreciates beautiful art and the writings of J R R Tolkien, C S Lewis and the writers in the group known as The Inklings, all masters of fantasy. The drawings are beautifully detailed works of art and perfect on their own, no coloring necessary. They capture so well these men who brought to life the fantastic, with a touch of magic added to each drawing. This book is very clearly a labor of love and respect by a master himself. 0 of 0 people found the following review helpful. A Coloring Book To Treasure By Lynne Beautiful illustrations! You will love this book.

Renowned fantasy illustrator James A. Owen presents fifteen intricate and imaginative line drawings inspired by the works of Oxford's famous Inklings and Diana Glyer's fascinating Bandersnatch. Printed on heavy stock on one side only, each drawing is suitable for markers, fine-tipped pens, and colored pencils. Color your way through The Eagle and Child pub, along the banks of the Isis, beneath the spires of Magdalene College? and find (and color!) the bandersnatch hidden in each picture. Fans of the Inklings fantasy literature and lovers of coloring books for grown-ups will enjoy relaxing with The Inklings Coloring Book.

From the Inside Flap Renowned fantasy illustrator James A. Owen presents fifteen intricate and imaginative line drawings inspired by the works of Oxford's Inklings. Printed on heavy stock on one side only, each drawing is suitable for markers, fine-tipped pens, and colored pencils. This is the perfect-bound edition
