**A. B. Bard : The Killer Poet's Guide to Immortality** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Killer Poet's Guide to Immortality:

1 of 1 people found the following review helpful. Read It Now, Before Everyone Else Already Has!By Richard Cassidy"The Killer Poet's Guide to Immortality" is destined to be a cult classic. It makes "Confederacy of Dunces" seem sane and tame! Besides that the poetry in the book really deserves to be read and not just read, but read aloud.As you can tell, I loved it.Don't delay. If you don't read this soon, you will end up in the literary equivalent of what Yogi said of a restaurant: "No one goes there anymore; it's too crowded."You had better read "Killer" now, before everyone

else already has! Rich2 of 2 people found the following review helpful. A wonderful reading experience By J. Aikawa I loved this book! Once I started reading I literally could not put it down. It was certainly not my typical read but I wouldn't have missed it for anything. The format is totally original with a unique mixture of prose and poetry. The plot is ingenious and humorous with knife-edge insights into the foibles of 21st century life. The language is exquisite and is why the book is such a wonder. Overall rating: Superb. Buy it! Read it! 1 of 1 people found the following review helpful. Unique fund By JWinKCThis story was a very interesting premise with a twist I didn't see coming. Some appreciation of poetry required, but certainly a unique book.

The Killer Poet's Guide to Immortality is the riveting tale of a frustrated poet who decides that the best way to get his work read is by pinning it to corpses with a dagger. Alternately profound and hilarious, this novel chronicles in rapid-fire succession the Killer Poet's serial murder spree, rise to media notoriety, capture, trial, and execution by lethal injection. Then it presses further, into the future . . .

To say that this book is unlike any other book I've ever read or even heard about is the merest brush of the surface of the pleasures it offers. To call it a 'tour de force' falls short. A.B. Bard combines poetry and the novel in a whole new way, and it works delightfully. --~ Jack McCarthy, prize-winner at both the World and National Poetry Slams The stereotype of the starving, idealistic poet is one of the most wearied clichés out there. However, the protagonist of this little paperback is anything but cliché. This stereotypical poet gets so desperate for attention, he resorts to killing people and attaching his poems to the bodies of his victims. His resulting memoir is a manic, sardonic cocktail of crime fiction, literary thriller, cultural commentary, and provocative poetry. Above all, Killer Poet's Guide can be described as something tragically elusive in our modern entertainment industry flooded with adaptations, sequels, and genre stratification a new story that is absolutely original. . . . The Killer Poet's Guide to Immortality is . . . consistently laugh-out-loud hilarious. --Brendan Clark, Timestage Embassy Blog (works at Village Books) About the Author For reasons of national insecurity, it is necessary to obscure the identity of the author. We are, however, at liberty to disclose a few scant morsels of disinformation. Mr. Bard is not now, nor has he ever been, a member of the Republican Party. Mr. Bard does not Tweet. He is odorless, tasteless, and 99% broccoli-free. BA Reed College Sleeper Cell. Lap to a cat. Pal to a girl. God to a dog. Dog to the man.
