James T. deKay : The Left-Handed Book before purchasing it in order to gage whether or not it would be worth my time, and all praised The Left-Handed Book:

8 of 8 people found the following review helpful. Dated and silly, but a great read!By A readerThis book doesn't take itself seriously, and it has a lot of whimsy, but it is also packed with little-known facts about left-handedness that will save you from feeling like a klutz or an idiot. Lots of things you don't do well have nothing to do with your dexterity (itself a right-handed word), but rather with the right-hand only design of many products, even gum wrappers! This is a light-hearted, but ultimately very useful and informative book that will help you as a left-handed person to see your true value and your true place in the world. It also includes a useful list of items and activities that are left-hand friendly (like baseball!). Buy it! The price is right (I mean "correct"), and so are the contents.0 of 0 people found the

following review helpful. Five StarsBy Ronda P.Funny trivia for lefties!0 of 0 people found the following review helpful. Okay bookBy KayvanIt was interesting but it's really for kids!

At last, a courageous expose of one of society's most neglected minority groups.
