Tom Kelly : Their Old Inhabitants before purchasing it in order to gage whether or not it would be worth my time, and all praised Their Old Inhabitants:

0 of 0 people found the following review helpful. has known people in our families or circle of friends just like the ones described by ColBy william StriblingAnyone born and raised in south Alabama or Northwest Florida, especially those of us older folks, has known people in our families or circle of friends just like the ones described by Col. Kelly in this book. For me it is a step back in time where my people lived, worked, hunted and fished in a world vastly different from today. Col. Kelly never disappoints, and this book is no exception.

As far as the Southeast is concerned, I am only familiar with the conditions that were in effect after 1900. The old inhabitants I refer to were those people and their descendants that occupied the lands after the colonization of North America by Europeans. What this book proposes to do is give you a flavor of who the people are that work out there, what they do at work, and how they do it. I spent an entire career in their company and they are an extremely lively and interesting collection of free swingers.
